EXPERIENCE

Coders Caravan

07.2024-08.2024

UniFurniture

- I developed a fully functional e-commerce platform
- I implemented a responsive design using HTML and CSS, ensuring a seamless user experience across devices
- The project includes features like a shopping cart, user authentication, and dynamic product pages
- I have set up an order and notification management system to improve user interaction and improve the efficiency of the store
- All built with React.js

To Whom It May Concern,

I am pleased to recommend Shalala Shafieva, an exemplary graduate of the "Coders Caravan" project. As the project leader, I had the opportunity to witness her outstanding performance, dedication, and passion for technology, culminating in her ranking 1st among all graduates.

The "Coders Caravan" project equips women in Azerbaijan's regions with the technical and social skills essential for success in the IT industry. Shalala consistently excelled, showcasing her potential for remarkable achievements in the tech sector.

She demonstrated advanced skills in HTML, CSS, JavaScript, React.js, PHP, SQL, and Laravel API. Notably, she led her team in developing a highly functional and visually appealing website that received acclaim for its innovative features and user-friendly design at the closing ceremony.

In addition to her technical capabilities, Shalala exhibited excellent problem-solving, communication, and leadership skills. With her blend of technical expertise, creativity, and interpersonal abilities, I am confident she will be a valuable asset to any organization.

Sincerely,

Guldana Mehdiyeva

Project Manager, Coders Caravan
